Security Safeguards

Every Ria money transfer is processed using our proprietary software system and screened for accuracy, completeness and federal compliance. Our attention to detail virtually guarantees that transfers arrive at their destination promptly and safely. We work hard to earn and maintain customer confidence around the world.

How do I send money internationally through a Ria Agent?

Visit Sylwia Klocek at 1000 Grat West Rd, Brentford, TW8 9HH. Bring cash to cover the amount you wish to be transferred, plus a service fee, or the amount of the money order you require and fee. Your order will be entered into our proprietary computer operating system and sent to an Order Processing Center. You will be handed a receipt with a tracking number. Once the transaction has cleared, the order is sent to Ria Correspondent in the beneficiary's country. The correspondent notifies the beneficiary that the money is available and can be claimed upon presentation of proper identification.

How will I know when my beneficiary has received the money I sent?

Generally, recipients will receive their money within 24 hours. Or, contact your Ria Agent or our Customer Service Department with the number on your receipt and your order will be tracked.

As the beneficiary, how do I receive the money sent to me?

You may be contacted either by the Ria Correspondent nearest you or the person who sent you the money. Remember, you will be asked to provide **proper identification** in order to claim monies being held in your name. Those monies can then be taken as cash or placed into a specified checking or savings account.

What are acceptable forms of identification?

Any of the following can be used as proof of identification: a valid driver's license, state issued ID, current passport or visa, government photo ID, or alien ID.

How much will my money transfer cost?

Ria's money transfer rates are competitive. Visit one of our authorized agents in your area for more details. If you are placing your order on our Website, then the actual service fee for your transaction will appear after all data has been entered. If you choose to proceed, the service fee will automatically be deducted from your credit card along with the amount of the money transfer itself.

How can I protect myself?

Help Prevent Consumer Fraud

- Are you sending money to claim lottery or prize winnings, or on a promise of receiving a large amount of money?
- Are you sending money because you were "guaranteed" a credit card or loan?
- Are you responding to an internet or phone offer that you aren't sure is honest?
- Are you sending money to someone you don't know or whose identity you can't verify?

If so, ask the sales clerk to stop your transfer immediately, or call Ria Customer Service at 1-800-500-3994. If it can be confirmed that payment to the beneficiary has not been made, the funds will be returned to you.
